

SCHOOL/UNIVERSITY FLOORING - V-8 HYBRID XT FULL CHIP VINYL SYSTEM

A Superior floor!

The V-8 Hybrid XT Full Chip Vinyl System is a trusted flooring solution for your school or university. Unlike other systems on the market, this system utilizes a unique hybrid formula consisting of polyurea and polyaspartic for superior bonding and durability. This industrial strength coating out-performs the competition in longevity, installation time, and chemical resistance - delivering a remarkable floor for the years to come!

Why a floor coating?

Coatings hide various imperfections on concrete floors such as pittings and discoloration. The full chip system is ideal for covering up ugly concrete, strengthening the floor, enhancing the room with color, and it makes cleaning a breeze!
